
LightPath will Supply Fiber Beam Delivery Systems to Aerospace Leader

LightPath Technologies Signs 3 Year Assured Supply Agreement With Ball Aerospace & Technologies Corp.

(January 9, 2006) Orlando, FL. LightPath Technologies, Inc. (Nasdaq: [LPTH](#) - [News](#)),

LightPath Technologies recently signed a three-year assured supply agreement with Ball Aerospace & Technologies Corp. (NYSE:BLL). Ball Aerospace is a global leader providing advanced imaging, communications, and information solutions to the government and commercial aerospace markets. The agreement gives Ball the assurance of supply for fiber delivery systems used in laser delivery applications. LightPath provides fiber delivery systems to a number of defense and aerospace applications requiring high reliability and the capability to handle many watts of energy. LightPath's patented Fusion™ products significantly reduce the power density levels normally associated with high power laser systems.

"LightPath is pleased to be selected by Ball Aerospace & Technologies Inc. They are a well recognized company with exceptional heritage in the aerospace field said Ken Brizel, CEO and President of LightPath. " The "Fusion" products provide such a unique capability to our customers and it is finding great acceptance in many extremely demanding applications".

LightPath manufactures optical products including precision molded aspheric optics, GRADIUM® glass products, proprietary collimator assemblies, laser components utilizing proprietary automation technology, optical assemblies and packing solutions. LightPath has a strong patent portfolio that has been granted or licensed to us in these fields. LightPath common stock trades on the Nasdaq SmallCap Market under the symbol "LPTH." Investors are encouraged to go to LightPath's website for additional financial information.
